**TEMPORARY JOBS**

EDD Revision Date: N/A  
WDB Review Date: 6/16/22

**EXECUTIVE SUMMARY**

**PURPOSE:**

This document establishes the Workforce Development Board of Madera County's policy on Temporary Jobs for WIOA-eligible f- Adults and Dislocated Workers participating in special grants and projects.

**REFERENCES:**

- WIOA Section 134(c)(2)(A)(xii)(VII)
- 20 CFR Subpart B Section 678.430(b)(7)
- 20 CFR Subpart A Section 680.180

**POLICY:**

The Workforce Innovation and Opportunity Act and the Final Regulations published in the Code of Federal Regulations permit the provision of temporary jobs as an Individualized Career Service for eligible Adults and Dislocated Workers. It is the policy of the Workforce Development Board of Madera County to allow the provision of these services to eligible adults and dislocated workers who:

1. are unemployed and are unable to obtain employment through basic career or youth program services and who have been determined to need more individualized services to obtain employment; or
2. are underemployed, and who have been determined to need such services to obtain or retain employment that allows for self-sufficiency.

In general, temporary jobs is a planned, structured learning experience that takes place in a workplace for a limited period of time. Work may be paid or unpaid, as appropriate. A worksite may be in the private for-profit sector, the non-profit sector, or the public sector. Labor standards apply in any temporary jobs placement where an employer/employee relationship, as defined by the Fair Labor Standards Act, exists.

For the purposes of implementation in Madera County, the following provisions will apply:

Temporary Jobs may be provided, where determined as appropriate through the Individual Employment Plan development process, for eligible Adults and Dislocated Workers for whom one or more of the following conditions exist:

- the individual has no previous work history,
- the individual has had no work history within the past five years,
- the individual is participating in a special grant or project that explicitly permits or requires temporary jobs or work experience.

This type of work experience activity is intended to provide training and skill development in the skills necessary to successfully obtain and retain employment, including punctuality, attendance, communication, teamwork, dependability, and task completion, and is not required, but is encouraged, to provide training in technical or job specific skills. There is no requirement or expectation that the individual will be retained by the worksite following the successful completion of this type of work experience activity.

Temporary Jobs may be provided concurrently with other appropriate career or training services and will not exceed a total duration of 480 hours. This activity requires the development of a training plan or outline which will be included in the worksite agreement between the one-stop or program operator and the work experience site. Regular time sheets and evaluations of participant progress are required no less frequently than twice per month throughout the duration of the activity.

**ACTION:**

This policy is effective on the date approved by the Workforce Development Board of Madera County. Retain this policy until further notice.

**WHEREAS**, on March 4, 2020, Governor Gavin Newsom declared a State of Emergency in the State of California; and

**WHEREAS** in light of ongoing concerns about public health and safety, on March 17, 2020, Governor Newsom issued Executive Order N-29-20, which suspended certain provisions of the Ralph M. **WHEREAS**, on September 10, 2021, the Legislature took additional action to allow local agencies to forego compliance with the Brown Act teleconferencing requirements under specific circumstances after the expiration of the Governor’s order by adopting AB 361, which amends the Brown Act’s requirements for teleconferencing during a proclaimed state of emergency and when certain other conditions are met and certain findings are made. Because the bill contained an urgency clause, it took effect upon Governor Newsom’s signature on September 16, 2021; and

3. The local agency holds a meeting after having determined by majority vote that, as a result of the emergency, meeting in person would pose imminent risks to the health or safety of attendees.

The local agency must reconsider whether the state of emergency continues to impact the ability of the members to meet safely in person or whether local or state officials continue to impose or recommend social distancing every 30 days; and

**NOW, THEREFORE, BE IT RESOLVED** that the WDB hereby finds that pursuant to the Governor's State of Emergency Declaration, issued on March 4, 2020, there is a proclaimed State of Emergency in the State of California; and

## 7.0 Action Items

- 7.1 Consideration of approval of EDD Subgrant AA211014 line item transfer request for \$350,000 from the Dislocated Worker funding stream to the Adult funding stream.

*Staff have obligated approximately \$140,000 for Adult trainings. There has been very low Dislocated Worker (DW) traffic into the Center. Staff are requesting a transfer of funds from DW to Adult in order to back-fill the Adult training budget to cover all the trainings. Staff are currently determining if there will be any training funds in the Adult category at the end of this fiscal year. Madera is working with Fresno to refer Madera participants to them for training opportunities as Fresno still has training funds. The transfers will ensure that the budget stays out of the red for the rest of the year. All the funds for trainings that staff have already coordinated for participants are encumbered and will not be affected. The transfer will make sure to cover trainings and operations until the year end.*

*Deborah Martinez moved to approve, seconded by Laura Gutile.*

- 7.2 Consideration of approval of EDD Subgrant AA111014 line item transfer request for \$25,000 from the Dislocated Worker funding stream to the Adult funding stream.

*The transfer from this subgrant will also be used to cover participant trainings as discussed for item 7.1. Workforce areas are allowed to transfer up to 100% of funds between the DW funding stream and the Adult funding stream.*

*Laura Gutile moved to approve, seconded by Mike Lopez.*

*Vote: Approved – unanimous*

*Yes: Debi Bray, Michelle Brunetti, Brett Frazier, Laura Gutile, Marie Harris, Wendy Lomeli, Lalo Lopez, Mike Lopez, Deborah Martinez, Mattie Mendez, Joe Perez, Chuck Riojas, Lanie Suderman, Cindy Vail*

- 7.3 Consideration of approval of Beaudette Inc.'s One Stop Operator report for the period of October 1, 2021 through December 31, 2021.

*Gary Beaudette presented the 3<sup>rd</sup> quarter One Stop Operator (OSO) report. The major highlights were trying to make sure that aligning and integrating programs was done and to make sure that communicating flows horizontally and all partners have some centralized, standardized system to ensure quick and real-time communication and information sharing. A Google Share drive was set up so that there is a centralized*

location for all partner documents. The Unite Us referral system is being used by many of the Partners. The goal would be to get 100% participation with this system. A scoreboard is being developed to see how things are working collectively – as one. The team reached out and talked to different Partners about the different goals and plans for the Continuous Improvement Plan. Madera has used the “working meeting” best practice to get work done during meetings. The OSO strives to have updates in real-time on how everything is working and checking in on goals and whether they are being met and to discuss potential problems or celebrate successes and having shared goals with Partners.

Brett Frazier moved to approve, seconded by Mike Lopez.

#### **7.4 Consideration of approval of Beaudette Inc.’s One Stop Operator report for the period of January 1, 2022 through March 31, 2022.**

The January to March report focuses on the Continuous Improvement Plane. 2 Surveys were sent to Partners asking what is important to them. Goals were established during this period. The number one goal was Coordination with Workforce System Partners followed by Services for Job Seekers. Business services highest voted goal was Developing an inventory of business by “key industry sector” to determine the demand-side of customer base within Madera County. The major focus is improving the career pathway, from high school to community college to either a degree or certificate but ultimately to meaningful job and careers that employers in Madera County are looking for. The next quarter report will include more up to date scoreboard data. This quarter will start to involve project management which will involve using Trello project management software. This free tool will help with the work on the established goals which will help us ensure that we are continuously improving. Brett Frazier appreciated the included table which provided information of the number of participants served for certain services. Staff’s goal is to work with the OSO and all the Partners for information on the number of people served. The numbers provided within the table reflects the Workforce office numbers. Staff expect that the numbers will go up as Partners work together and combine/include their numbers.

Brett Frazier moved to approve, seconded by Chuck Riojas.

- Title 20 CFR 680.300-340

#### **Policy:**

WIOA funding for training is limited to participants who are unable to obtain grant assistance from other sources to pay the costs of their training or who require assistance beyond that available under grant assistance from other sources to pay the costs of such training. One-stop operators and training providers must coordinate funds available to pay for training, taking into account the full cost of participating in training, including the cost of support services and other appropriate costs. Program staff must consider the availability of other sources of grants to pay for training costs such as Temporary Assistance for Needy Families (TANF), State-funded training programs, and Federal Pell Grants, so that WIOA funds supplement other sources of grant funding. A WIOA participant may enroll in WIOA-funded training while their application for a Pell Grant is pending, as long as arrangements have been made with the training provider and participant regarding allocation of the Pell Grant. If a Pell Grant is subsequently awarded, the training provider must reimburse the one-stop operator for the amount of WIOA funds used to underwrite the training for the amount covered by the Pell Grant.

Training services for eligible individuals are typically provided by training providers who receive payment for their services through an Individual Training Account (ITA). The ITA is a payment agreement established on behalf of a participant with a training provider. WIOA title I-eligible adults who are members of a priority group, dislocated workers, and out-of-school youth ages 18-24 may purchase training services from eligible providers they select in consultation with the

case manager. This consultation will include discussion of the quality and performance information on the available training providers. Training programs selected must be directly linked to an in-demand industry sector or occupation in the local area or in the planning region, or in another area to which a participant receiving such services is willing to relocate. Priority will be given to programs that lead to recognized post-secondary credentials that are aligned with such in-demand industry sectors or occupations in the local area. A local board may approve training services for occupations determined by the local board to be in sectors of the economy that have a high potential for sustained demand or growth in the local area.

Payments from ITA's may be made in a variety of ways, including the electronic transfer of funds through financial institutions, vouchers, or other appropriate payment methods. Payment for ITA's issued under this policy may be paid:

- Incrementally, at an hourly rate for training, based on the hours of training successfully completed each month, throughout the participant's training program; or
- Incrementally, at a per module rate for training, based on the successful completion of specific modules or other measurable segments of training; or
- For community college or other public educational institution-based training, at the time of enrollment into each semester or quarter of the training program, as specified by the enrollment policies of the institution.

The agreed upon payment structure for each occupational skills training provider will be outlined in the payment provisions section of the contract between the institution and the Board and will be specified for each participant enrolled in the ITA voucher issued for that participant.

Title 20 CFR 680.310 allows the State or Local Workforce Development Board to impose limits on the dollar amount and/or duration for Individual Training Accounts. Limitations established by a local Board policy must not undermine, but rather should maximize, customer choice in the selection of an eligible training provider.

Based on the results of an individual assessment and on funding availability, ITA's may be awarded to eligible adults who are members of a priority group, dislocated workers, and out-of-school youth ages 18-24. Each ITA will be subject to a maximum dollar amount of \$6,000 for tuition and additional training costs as listed on the ETPL. The maximum duration of an ITA will be two years. A second ITA may be issued to a participant based on exceptional economic or personal circumstances at the discretion of the Executive Director; however, a second ITA would not generally be approved within less than 3 years of the completion of the first ITA. Prior to the issuance of an ITA, justification must be provided which supports that training is necessary for the individual to obtain appropriate employment leading to self-sufficiency, and that the career options following completion of training are in demand in the local area. An ITA will only be issued for those costs in excess of all other available sources of financial assistance, including PELL Grants, Community College Board of Governors (BOG) fee waivers, Cal Grants, private or institution-specific scholarships, or other available resources.

The \$6,000 limit is for costs required for the selected training program and may be waived for extenuating circumstances as determined by the local Board or the Executive Director. One example of such extenuating circumstances would be for those dislocated workers who are eligible for training services, but, due to their earnings prior to dislocation, are not eligible for any other form of non-repayable financial assistance, or for whom such financial assistance is

limited. The \$6,000 limit includes all training costs required to participate in and successfully complete a training program, as listed on the ETPL. When awarding an ITA, consideration must be given to labor market demand in the local area or in the area to which the trainee intends to relocate.

An ITA may only be issued for courses or programs published in the Statewide Eligible Training Provider List and approved by the local Board. Local Community Colleges, Adult Schools, and other public training institutions will always be given priority for training referrals, when the training course is comparable to that offered at a Private Training Institution.

An individual must be enrolled in approved training within 90 days from the date of issuance of the ITA. An individual will be considered “enrolled” in training if they are: 1) pre-registered for classes or on the waiting list for an approved provider; and 2) have a start date for their training; and 3) the start date is not more than one quarter or term away.

An individual must be making satisfactory progress in training to access all payments from their ITA. Satisfactory progress is defined, for local purposes, as receiving passing scores in all courses related to their program and meeting all attendance and behavior requirements mandated by their school of attendance. The educational institution will certify that an individual is making satisfactory progress through official attendance and progress reports signed by the registrar, instructor, or equivalent person designated by the educational institution.

If an individual drops out or otherwise withdraws from ITA-funded training prior to completion **without cause**, the individual will be billed for ITA payments made to the training provider on their behalf. Adequate cause for dropping or otherwise withdrawing from training could include, but is not limited to: severe medical condition which prevents the individual from participating for a period of more than 90 days; serious illness or death of a family member that prevents the individual from participating for more than 90 days; or the necessity to relocate out of the area. The Executive Director will determine whether sufficient cause for dropping or withdrawing from training exists on a case-by-case basis.

#### **EXCEPTIONS TO INDIVIDUAL TRAINING ACCOUNTS:**

Title 20 CFR Section 680.320 allows the use of contracts for training services other than Individual Training Accounts under certain circumstances. These circumstances include only one or more of the following:

- When the services provided are On-the-Job Training, customized training, incumbent worker training or transitional jobs;
- When the local Board determines that there are an insufficient number of eligible providers in the local area to accomplish the purpose of a system of ITA’s. In this event, the local Plan will describe the process to be used in selecting the providers under a contract for services. The process will include a public comment period for interested providers of at least 30 days;
- When the local Board determines that there is a training services program of demonstrated effectiveness offered in the area by a community-based organization or another private organization to serve individuals with barriers to employment. The local

Board will determine criteria to be used in determining demonstrated effectiveness as required in 20 CFR 680.320(a)(3);

- When the local Board determines that it would be most appropriate to contract with an institution of higher education or other eligible provider of training services to facilitate the training of multiple individuals in in-demand industry sectors or occupations, provided that the contract does not limit customer choice; and/or
- When the local Board is considering entering into a pay-for-performance contract consistent with the requirements of 20 CFR 683.510.

### EXECUTIVE SUMMARY:

#### Purpose:

This document establishes the Workforce Development Board of Madera County's policy regarding the provision of supportive services to individuals participating in WIOA-funded career and training services.

#### References:

- Workforce Innovation and Opportunity Act (WIOA) Sections 129 and 134
- Title 20 CFR Section 680.140; 680.900-920; 681.570

#### Policy:

The Workforce Innovation and Opportunity Act Section 134(d)(2) expressly permits the provision of supportive services to adults and dislocated workers who are participating in WIOA-funded career and training services, **if they are unable to obtain such services through other programs**, while Section 129(c)(2)(G) requires supportive services to be available to youth participants through the local system of eligible youth service providers. Section 3(59) of the Workforce Innovation and Opportunity Act defines supportive services as "services such as transportation, child care, dependent care, housing, and needs related payments, that are necessary to enable an individual to participate in" Workforce Innovation and Opportunity Act funded activities.

It is the policy of the Workforce Development Board of Madera County to facilitate the provision of supportive services to individuals who are participating in individualized career or training services, who are unable to obtain supportive services through other programs providing such services, and only when such services are necessary to enable individuals to participate in title I activities, as stipulated in 20 CFR Subpart G Section 680.910. Accurate information regarding the availability of supportive services in the local area, as well as referral to such services, will be provided as a basic career service to adults and dislocated workers through the local One-Stop delivery system (WIOA 134(d)(1)(B)). The Workforce Development Board of Madera County has established limits on the types of available supportive services and a limit of a **maximum of \$1,500** of funding available to individual participants for supportive services funded through WIOA, as allowed under 20 CFR Subpart G Section 680.120. All supportive services

must be requested and approved in advance. Customers will not be reimbursed for supportive services purchases or payments that they have made directly.

The locally approved supportive services are as follows:

- Supportive Services will include, but may not be limited to: transportation assistance, mileage reimbursement, uniforms, tools, safety equipment, certification/licensing exam fees, medical services including required physicals and immunizations, drug testing, standardized work clothing or footwear, registration fees, or instructional books, materials, and supplies. Purchase of any of these items requires written documentation that the items are required for training or employment, and verification that they are not reimbursed or provided by the employer or training provider.
- Transportation allowance – Provided for non-paid activities; may include MAX passes, Dial-a-Ride tickets, or a flat-rate daily reimbursement, only if the service is not available through some other source. Limited transportation funds may result in only partial subsidy of transportation costs, based on individual needs and the availability of other resources. A flat-rate reimbursement per day of travel required for training will only be provided to individuals who must travel a minimum of 25 miles round trip per day to an unpaid training activity using their own vehicle. The base rate will be set at \$10 per day of travel; the rate may be temporarily adjusted periodically to account for significant changes in fuel costs and will not exceed \$15 per day. **Travel Reimbursement will only be available to individuals who can provide documentation of a current California Driver's License, as well as proof of current vehicle registration and insurance for the vehicle being used for travel.**
- Child Care Assistance – Assistance with childcare expenses may be provided on a limited basis for individuals participating in unpaid training programs, only if such assistance is not available from any other source. Childcare assistance will only be provided for the specific days and times that the participant is engaged in the unpaid training activity.

These limits apply to WIOA formula-funded activities and services. Exceptions to these limits may be approved by the Executive Director (or designee) on a case-by-case basis for specific training programs or employment opportunities with higher support costs/needs. Projects funded by specific grants or from sources other than WIOA formula allocations will follow any limits established by the specific grant, proposal, or project, and may exceed the limits established here, when necessary, allowable, and appropriate for successful participation in, or retention in and completion of, training or employment. In addition, the provision of supportive services may be suspended, revoked, or reduced at any time, based on funds available, changes in program design or delivery, or at the discretion of the Executive Director.

**Action:**

This policy is effective on the date approved by the Workforce Development Board of Madera County, and replaces the previous version approved by the Executive Committee on March 7, 2022 and ratified by the Board on April 21, 2022. Retain this policy until further notice.

## PAID AND UNPAID WORK EXPERIENCE POLICY

WDB Review Date: 4/23/09, 7/6/11; 12/17/15, 12/15/16, 4/15/21, [6/16/22](#)

### **EXECUTIVE SUMMARY**

#### **PURPOSE:**

This document establishes the Workforce Development Board of Madera County's policy on Temporary Jobs and Paid and Unpaid Work Experience Activities for WIOA-eligible Out-of-School Youth, Adults, and Dislocated Workers.

#### **REFERENCES:**

- WIOA Section 134(c)(2)(A)(xii)(VII)
- 20 CFR Subpart B Section 678.430(b)(7)
- 20 CFR Subpart A Section 680.180, 681.460, 681.590, 681.600

#### **POLICY:**

The Workforce Innovation and Opportunity Act and the Final Regulations published in the Code of Federal Regulations permit the provision of temporary jobs and paid and unpaid work experience as an Individualized Career Service for eligible Adults, and Dislocated Workers, and as an allowable activity for Youth. It is the policy of the Workforce Development Board of Madera County to allow the provision of these services to eligible adults, youth and dislocated workers who:

1. are unemployed and are unable to obtain employment through basic career or youth program services and who have been determined to be in need of more individualized services in order to obtain employment; or
2. are underemployed, and who have been determined to be in need of such services in order to obtain or retain employment that allows for self-sufficiency.

In general, temporary jobs and/or work experience is a planned, structured learning experience that takes place in a workplace for a limited period of time. Work may be paid or unpaid, as appropriate. A work worksite may be in the private for profit sector, the non-profit sector, or the public sector. Labor standards apply in any temporary jobs and work experience placement where an employer/employee relationship, as defined by the Fair Labor Standards Act, exists.

For the purposes of implementation in Madera County, the following provisions will apply:

Temporary Jobs and Work Experience may be provided, where determined as appropriate through the Individual Employment Plan development process, for eligible Adults, Dislocated Workers, and Youth program participants for whom one or more of the following conditions exist:

- the individual has no previous work history,
- the individual has had no work history within the past five years, and/or
- the individual is otherwise eligible for WIOA individualized career or youth services and is in need of this service to assist them in preparing for participation in another appropriate training service or activity or to successfully obtain and retain unsubsidized employment.

This type of work experience activity is intended to provide training and skill development in the skills necessary to successfully obtain and retain employment, including punctuality, attendance, communication, teamwork, dependability, and task completion, and is not required to provide training in technical or job specific skills. There is no requirement or expectation that the individual will be retained by the worksite following the successful completion of this type of work experience activity.

Temporary Jobs and Work Experience may also be provided, where determined as appropriate through the Individual Employment Plan development process, for eligible Adults, Youth or Dislocated Workers when the individual has successfully completed a vocational training program (either WIOA-funded or non-WIOA funded) and/or is in need of a work experience placement to obtain training-related work experience to enhance their ability to obtain and retain unsubsidized employment in a new career field. There is an expectation that the work experience site would consider hiring/retaining the participant at the successful completion of the work experience period.

Temporary Jobs and Work Experience may be provided concurrently with other appropriate career or training services and will not exceed [25 hours per week and the total duration of the activity will not exceed 460480](#) hours. This activity requires the development of a training plan or outline which will be included in the worksite agreement between the one-stop or program operator and the work experience site. Regular time sheets and evaluations of participant progress are required no less frequently than twice per month throughout the duration of the activity.

**ACTION:**

This policy is effective on the date approved by the Workforce Development Board of Madera County. Retain this policy until further notice.

The transitional job activity is intended to assist eligible individuals to establish a recent work history, demonstrate work success, and to develop the skills that lead to entry into and retention in unsubsidized employment.

Transitional job activities must be provided concurrently or consecutively with comprehensive career services and supportive services.

Transitional jobs may be provided concurrently or consecutively with other appropriate career or training services and will generally not exceed 20 hours per week and a total of 320 hours in duration. allowed under law and regulation. The AJCC partner, therefore, agrees to share client information necessary for the provision of services such as assessment, universal intake, program or training referral, job development or placement activities, and other services as needed for employment or program support purposes.

- Client information shall be shared solely for the purpose of enrollment, referral or provision of services. In carrying out their respective responsibilities, each party shall respect and abide by the confidentiality policies of the other parties.

### **Non-Discrimination and Equal Opportunity**

Parties to this MOU shall comply with the provisions of WIOA Section 188 and 29 CFR Part 38, and shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant, or applicant for employment due to sex (including, but not limited to, pregnancy, childbirth and related medical conditions, transgender status, and gender expression or identity), race, color, ancestry, religion, national origin (including limited English proficiency), veteran status, physical disability, mental disability, medical conditions, age (over 40), or marital status. Nor shall any partner or the WDB, including the AJCC Operator, deny family and medical care leave or pregnancy disability leave to employees entitled to such leave. Partners and the WDB, including the AJCC Operator, shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Partners shall comply with the provisions of Fair Employment and Housing Act (California Government Code Section 12900, et seq.) and related, applicable regulations promulgated thereunder (Title 2, California Code of Regulations Section 7285 et seq.). Code of Regulations Section 8103 et seq. are incorporated into this MOU by reference and made a part hereof as if set forth in full. Partners shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining agreement or other such agreement. Parties to this MOU shall include non-discrimination and compliance provisions of this clause in all related subcontracts or financial agreements.

The WDB, including the AJCC Operator and other partners to the AJCC system, will ensure that policies and procedures established by the WDB, including the AJCC Operator, and programs and services provided by and through the AJCC are in compliance with the Americans with Disabilities Act of 1990 (ADA) and its amendments, which prohibits discrimination on the basis of disability, as well as applicable regulations and guidelines issued pursuant to the ADA.

All parties agree to universal access as an AJCC provision. Policies adopted locally for ensuring access for all customers include those with special needs; those with literacy deficits, physical or learning disabilities; limited English speakers, in accordance with Dymally-Alatorre Bilingual Services Act; Unemployment Insurance claimants; Veterans, Migrant and Seasonal Farmworkers; and others with economic or geographical barriers to service or employment.

### **Grievances and Complaints Procedure**

The AJCC Partner agrees to establish and maintain a procedure for grievances and complaints as outlined in WIOA. The process for handling grievances and complaints is applicable to customers and partners. These procedures will allow the customer or entity filing the complaint to exhaust every administrative level in receiving a fair and complete hearing and resolution of their grievance. The partner further agrees to communicate openly and directly to resolve any problems or disputes related to the provision of services in a cooperative manner and at the lowest level of intervention possible.

### **Americans with Disabilities Act and Amendments Compliance**

The AJCC Partner agrees to ensure that the policies and procedures as well as the programs and services provided at the AJCC are in compliance with the Americans with Disabilities Act and its amendments. Additionally, partners agree to fully comply with the provisions of WIOA, Title VII of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, 29 Code of Federal Regulations Part 38, and all other regulations implementing the aforementioned laws.

### **Effective Dates**

This MOU shall become effective on July 1, 2022 and shall continue for three years, through June 30, 2025, unless terminated sooner by one of the parties. The MOU will be reviewed not less than once every three years to identify and incorporate any substantial changes that may have occurred.

This MOU is of no force or effect until signed by authorized representatives of the participating agencies, and until approved by the Chief Local Elected Official. The MOU, once signed, becomes a part of the local WIOA Plan.

### **Revisions and Modifications**

This MOU constitutes the entire agreement between the parties and no oral understanding not incorporated herein shall be binding on any of the parties hereto. This MOU may be modified, altered, or revised, as necessary, by mutual consent of the parties, by the issuance of a written amendment, signed and dated by the parties.

Each party reserves the right to modify the scope, structure, and content of this MOU based on legislative changes, local WDB policies, availability of funding, or other circumstances as warranted and agreed upon by the WDB and the partner agency.

## **Extensions**

This MOU may be extended by written agreement between the parties, provided such agreement is signed by both parties prior to the termination date of this agreement, and contains the following:

1. A statement of intent to continue all provisions of the MOU;
2. Revised effective and end dates; and
3. Dated signatures of both parties.

## **Terminations**

Either party to this MOU may elect to terminate its participation in this MOU without cause by delivering a thirty (30) day written notice of intent to terminate to the other party.

## **Administrative and Operational Management**

### **License for Use:**

During the term of this MOU, all partners to this MOU shall have a license to use space in the AJCC for the sole purpose of conducting acceptable AJCC services as outlined herein, or according to the terms of any separately negotiated cost sharing agreements.

### **Supervision/Day to Day Operations:**

The day-to-day supervision of staff assigned to the AJCCs will be the responsibility of the site supervisor(s). The original employer of staff assigned to the AJCCs will continue to set the priorities of its staff. Any change in work assignments or any problems at the worksite will be handled by the site supervisor(s) and the management of the original employer.

The office hours for the staff at the AJCCs will be established by the site supervisor(s) and the primary employer. All staff will comply with the holiday schedule of their primary employer and will provide a copy of their holiday schedule to the operator and host agency at the beginning of each fiscal year.

Disciplinary actions may result in removal of co-located staff from the AJCCs and each party will take appropriate action.

Each party shall be solely liable and responsible for providing to, or on behalf of, its employee(s) all legally-required employee benefits. In addition, each party shall be solely responsive and save all other parties harmless from all matters relating to payment of each party's employee(s), including compliance with social security withholding, workers' compensation, and all other regulations governing such matters.

**Dispute Resolution:**

The parties agree to try to resolve policy or practice disputes at the lowest level, starting with the site supervisor(s) and staff. If issues cannot be resolved at this level, they shall be referred to the management staff of the respective staff employer and the operator, for discussion and resolution.

**Press Releases and Communications:**

All parties shall be included when communicating with the press, television, radio or any other form of media regarding its duties or performance under this MOU. Participation of each party in press/media presentations will be determined by each party's public relations policies. Unless otherwise directed by the other parties, in all communications, each party shall make specific reference to all other parties.

The parties agree to utilize the AJCC logo developed by the State of California and the local Board on buildings identified for AJCC usage. This also includes letterhead, envelopes, business cards, any written correspondence, and fax transmittals.

**Hold Harmless/Indemnification/Liability:**

In accordance with provisions of Section 895.4 of the California Government Code, each party hereby agrees to indemnify, defend, and hold harmless all other parties identified in this MOU from and against any and all claims, demands, damages and costs arising out of or resulting from any acts or omissions which arise from the performance of the obligations by such indemnifying party pursuant to this MOU. In addition, except for Departments of the State of California which cannot provide for indemnification of court costs and attorney's fees under the indemnification policy of the State of California, all other parties to this MOU agree to indemnify, defend, and hold harmless each other from and against all court costs and attorney's fees arising out of or resulting from any acts or omissions which arise from the performance of the obligations by such indemnifying party pursuant to this MOU. It is understood and agreed that all indemnity provided herein shall survive the termination of this MOU.

## Partner Agreement to Share Other System Costs Budgeted 2022-2023

The other system costs budget may include any other shared services that are authorized for and commonly provided through the AJCC partner programs to any individual, such as initial intake, assessment of needs, appraisal of basic skills, identification of appropriate services to meet such needs, referrals to other One-Stop partners, and business services. Shared operating costs may also include shared costs related to the Local Board's functions.

As with infrastructure costs, other system costs must be allocable according to the proportion of benefit received by each of the AJCC partner programs, consistent with the partner's authorizing federal statute and Uniform Guidance. The MOU Phase II must also include an agreed upon budget for these other costs along with the agreed upon cost sharing methodology.

These costs may be shared through cash, non-cash, or third-party in-kind contributions

All local partners must agree to the other system costs budget. There is no state funding mechanism for other system costs that will be triggered due to lack of agreement at the local level for these costs.

### **PARTNER REFERRAL PROCESS**

The Partner organizations in the AJCC system in Madera County agree to use the process outlined below when referring customers between partner and other community agencies in the local AJCC system.

**AJCC partners agree to use, to the extent allowable and practical, the standard Madera County Workforce Assistance Center referral form. If organizational systems, regulations, or requirements mandate the use of another form for referrals, the partner agrees that the format used will have substantially the same information as the standard referral form. A copy or description of other referral forms used by any AJCC partner organizations will be provided for dissemination to all AJCC system partners.**

**Referrals between AJCC partners and other community organizations may be made by email, fax, standard mail, interoffice mail, or may be hand-carried by the individual being referred. The method used to deliver referral forms will be based on each organization's regulatory, confidentiality, and procedural requirements. All AJCC partners will specify the method or methods they will use when making referrals, so that all AJCC partners are familiar with the referral method(s) used by each partner organization.**

**AJCC partners will provide contact information for their designated contact person(s) for the receipt of referrals. Partners agree to send referrals to the appropriate contact person(s) at each partner organization, using the delivery method required or preferred by that partner. Partners will communicate with the designated contact person(s) to follow up on referral results or if other information is needed regarding the referral.**

**AJCC partners will, in accordance with the applicable regulations, laws, or other program requirements, track referrals sent and received, as well as the outcomes associated with those referrals. Referral information such as number referred or received, number accessing specific services, number of no shows, or number returned to referring agency, will be tracked by each partner to the extent allowable or practical, and such information will be shared upon request with other AJCC partners, as allowable and with the AJCC Operator.**

#### Referrals

- Standard AJCC Referral Form approved by all AJCC system partners will be used.
- If AJCC partner needs use a form other than the Standard AJCC Referral Form, copies of the referral form will be provided for dissemination to all AJCC system partners. The referral form will contain the same basic information as is included on the Standard AJCC Referral Form.

- Each partner will determine the method they will use when making referrals so all partners are familiar with the referral method(s) used by each agency. Referrals may be made via email, fax, standard mail, interoffice mail, or hand-carried by customer.
  - More than one method of referral delivery may be used.
  - Delivery method will be determined by each agency organization's regulatory, confidentiality and procedural requirements.
- All AJCC partners will provide contact information for their designated staff who will be designated to receive the referrals.
- AJCC partners will, in accordance with the applicable regulations, laws, or other program requirements, track referrals sent and received, as well as the outcomes associated with those referrals.
  - Referral information such as number referred or received, number accessing specific services, number of no shows, or number returned to referring agency, will be tracked by each partner to the extent allowable or practical, and such information will be shared upon request with other AJCC partners, as allowable and with the AJCC Operator.

**TEMPORARY JOBS**

EDD Revision Date: N/A  
WDB Review Date: 6/16/22

**EXECUTIVE SUMMARY**

**PURPOSE:**

This document establishes the Workforce Development Board of Madera County's policy on Temporary Jobs for WIOA-eligible f- Adults and Dislocated Workers participating in special grants and projects.

**REFERENCES:**

- WIOA Section 134(c)(2)(A)(xii)(VII)
- 20 CFR Subpart B Section 678.430(b)(7)
- 20 CFR Subpart A Section 680.180

**POLICY:**

The Workforce Innovation and Opportunity Act and the Final Regulations published in the Code of Federal Regulations permit the provision of temporary jobs as an Individualized Career Service for eligible Adults and Dislocated Workers. It is the policy of the Workforce Development Board of Madera County to allow the provision of these services to eligible adults and dislocated workers who:

1. are unemployed and are unable to obtain employment through basic career or youth program services and who have been determined to need more individualized services to obtain employment; or
2. are underemployed, and who have been determined to need such services to obtain or retain employment that allows for self-sufficiency.

In general, temporary jobs is a planned, structured learning experience that takes place in a workplace for a limited period of time. Work may be paid or unpaid, as appropriate. A worksite may be in the private for-profit sector, the non-profit sector, or the public sector. Labor standards apply in any temporary jobs placement where an employer/employee relationship, as defined by the Fair Labor Standards Act, exists.

For the purposes of implementation in Madera County, the following provisions will apply:

Temporary Jobs may be provided, where determined as appropriate through the Individual Employment Plan development process, for eligible Adults and Dislocated Workers for whom one or more of the following conditions exist:

- the individual has no previous work history,
- the individual has had no work history within the past five years,
- the individual is participating in a special grant or project that explicitly permits or requires temporary jobs or work experience.

This type of work experience activity is intended to provide training and skill development in the skills necessary to successfully obtain and retain employment, including punctuality, attendance, communication, teamwork, dependability, and task completion, and is not required, but is encouraged, to provide training in technical or job specific skills. There is no requirement or expectation that the individual will be retained by the worksite following the successful completion of this type of work experience activity.

Temporary Jobs may be provided concurrently with other appropriate career or training services and will not exceed a total duration of 480 hours. This activity requires the development of a training plan or outline which will be included in the worksite agreement between the one-stop or program operator and the work experience site. Regular time sheets and evaluations of participant progress are required no less frequently than twice per month throughout the duration of the activity.

**ACTION:**

This policy is effective on the date approved by the Workforce Development Board of Madera County. Retain this policy until further notice.

**INQUIRIES:**

### 8.2 Program Update

*The \$10,000 Wells Fargo grant award is used to pay for IMAGO which provides online resources for soft skills. It can also be used to purchase equipment. Madera Workforce along with Kings County will work with the Fresno Workforce Board on their Equity and Special Population grant. This grant will be assisting English language learners, immigrants and re-entry individuals obtain employment in solar, construction, and forestry sectors. Madera will receive \$65,000 to serve 10 participants. Workforce signed the juvenile Re-alignment proposal that will allot approximately \$71,000 for younger and older youth transition services. The tentative start date is April 4, 2022. Possible worksites have been identified through the Stewards of the Sierra. Signs and coverts along the highway in affected areas need to be replaced and worked on. Staff is working on forms and will submit to the State for approval. Staff are working on outreach to the community and have launched a text messaging platform and are working on an Instagram account. Staff have also been creating custom YouTube videos and marketing the HR Hotline to Madera County employers. Staff are working on a regional equity project to create stronger connections to the community colleges with a focus on industrial programs including welding. The Grant submittal deadline is May 6, 2022.*

### 8.3 Information on Weekly Unemployment Insurance (UI) Initial Claims for Madera County

*The UI numbers are trending downward. The numbers have been pretty steady – no big jumps. Staff are not seeing many dislocated workers (DW) compared to adult participants. There are approximately 4 times as many adult participants than DW. DW are participants who were terminated or laid off from their jobs.*

## 7.0 Action Items

### 7.1 Consideration of approval of the MCWIC year-to-date financial reports for the period ending February 28, 2022.

*Staff presented financial documents through February 28, 2022. There was a significant jump in trainings in February and even more in March. Adult and Dislocated Worker expenditures are looking good and all expenditures are happening as anticipated. There have been some salary savings due to some open positions. Notes for some negative figures on the Encumbrance Budget Report in the Total Budget Variance column can be found at the bottom of the second page of that report. Madera is still waiting to receive Employment Development Department's (EDD) retroactive lease payment. Their retro payment will go back to October. An amendment will be done once received. The lease document is already approved but staff are waiting for the signed amendment. The lease document is strictly for space in the Center. Equipment such as phones are not included in lease documents.*

*Roger Leach moved to approve, seconded by Gabriel Mejia.*

*Vote: Approved – unanimous*

*Yes: Debi Bray, Ramona Davie, Roger Leach, Gabriel Mejia, Tim Riche*

## 8.0 Information Items

### 8.1 Workforce Development Board (WDB) of Madera County Update

*Information provided within the agenda packet. The Workforce Board last met on April 21, 2022. The agenda for that meeting were provided for the Board's review.*

### 8.2 Program Update

*Information provided within the agenda packet. Program information through March 31, 2022 was provided. Madera applied for the Wells Fargo grant again in the amount of \$22,000 to be used to pay for the IMAGO platform as well as equipment for participants. The Corrections Workforce Specialist position was filled. Their tentative start date is mid-May but will be dependent on how quickly that person can get access and the required training for the facility. Youth program services at Juvenile Hall have begun. 2 worksites for the Wildfire grant have been submitted. Stewards of the Sierras will be the worksite lead. Participants will work in areas affected by the wildfires. Staff are waiting for the State to approve the sites before work can begin. The P2E, ELL, and DEA projects ended as of 3/31/22. While the ELL participant numbers were met, the expenditure requirement for the project were not met and approximately \$15,000 in funds had to be de-obligated and returned to the State. ELL works slightly different than other grants. It aims to serve a number of individuals rather than enroll individuals. While some individuals can be enrolled into the program, there are a few that do not have right-to-work documents who can not be enrolled. They are still provided the basic services, though. Some individuals can sometimes qualify for multiple funding sources/grants at the same time. Youth services are targeted towards youth who are out of school (OSY) between the ages of 16-24. Services are not provided to in-school youth.*

### 8.3 Update on WDB approval of AA111014 line item transfer of \$25,000 and AA211014 line item transfer of \$350,000 from the Dislocated Worker (DW) funding stream to Adult funding stream

*In December, staff were worried that the program wouldn't be able to expend the required funds for trainings. People started coming into the Center in February. In March, 33 trainings were done where 8 is usually the average. Staff*

have been slammed by training requests. The DW to Adult transfers were necessary to cover all the extra trainings. Some special grants also ended and so those funds were not available to pay for trainings. The State has not given the workforce areas information on the next fiscal year allocations. Allocations are done in 2 parts – Youth allocations are usually provided in the Spring and the other in October. The Youth allocations have not been sent to the areas at this time. Madera will partner with the Fresno Workforce Board to provide services to adult participants and will refer participants to community colleges for some trainings. Staff are referring participants to lower cost training options in order to save money on trainings. At this time, staff are being told to hold off on trainings for participants through our program directly. Anyone who has already been enrolled for training will still be trained since those funds have already been obligated. Anyone new or pending participants will be referred to Fresno for services.

**8.4 Update on Beaudette Inc.'s One Stop Operator Reports for the Periods of October 1, 2022 to December 31, 2021 and January 1, 2022 to March 31, 2022**

Information provided within the agenda packet. The Partner meetings are having good turn-outs. There have been cross-trainings between partners and documents are being centralized. The OSO is working with the Madera WDB on the Continuous Improvement Plan. Beaudette will continue to act as the OSO the next fiscal year.

**8.5 Corrections Workforce Specialist (Grant Funded) Salary Update – correction to annual salary calculation listed on original Board approved salary schedule**

Information provided within the agenda packet. The Annual Salary information provided on the non-exempt salary schedule approved at the last MCWIC meeting for the Corrections Workforce Specialist was incorrect. The hourly rate was listed correctly. Staff provided a corrected schedule.

**8.6 Information on Weekly Unemployment Insurance (UI) Initial Claims for Madera County**

Information provided within the agenda packet. UI claims continue to decrease and are now significantly lower. Numbers for specific areas/cities such as for the City of Madera or Chowchilla are not available through EDD. That information would need to be gathered through the last Census but may not reflect the current job market. Low UI numbers could be the result of people going back to work or some people falling out of the labor market and no longer being counted. Allocations are based on UI figures so the low UI numbers may impact future allocations.

**9.0 Written Communication**

**9.1 Executive Order (EO) N-6-22: Sanctions in Response to Russian Aggression in Ukraine**

Information provided within the agenda packet.

**Subject:** Program Update

### **Information:**

We are working with Madera County Probation to extend the COVID Emergency Supplemental Contract that ended on 4/30/22. The extension will run from 5/1/2022 to 1/31/2023 and include a budget of \$33,843 for orientations, basic career services, and referrals. We are also renewing our contract with the Madera County Sheriff's Office-Jail Division for PY 22-23, which will fund a MCWIC staff person to deliver an in-custody transition's program as well as facilitate access to the AJCC through post release workshops.

We participated in a sub-regional peer to peer program monitoring review of Stanislaus County for PY20-21 and PY21-22. 10% of program participants were reviewed, including 5% of Adult and Dislocated Workers from each program year. Madera County programs will be reviewed by San Joaquin County.

Additionally, we are facilitating the One Stop Operator monitoring for PY 21-22 between Beaudette Consulting, Inc., and the five areas comprising the San Joaquin Valley Sub - Regional Planning Unit (San Joaquin, Stanislaus, Madera, Merced, and Kings). Each local workforce board has been asked to report on progress on the deliverables in the contract. Preliminary results show compliance in all five deliverable categories, pending receipt of the annual report.

Lastly, we are conducting Equal Employment Opportunity (EEO) site reviews of eligible training providers for PY 21-22. This review determines the level of compliance by the eligible training provider in regard to applicable federal and state laws, regulations, policies, and directives related to the WIOA Section 188 nondiscrimination and equal opportunity provisions.

Fiscal information outlining expenditures and obligations is attached for the Board's review.
